**OUR CORE PROGRAM** Our philosophy stems from our seven core values (*fun, child centered, learning, organization, diversity, teamwork and safety*) and frames the behavior we exhibit with children, with staff and through program activities.

**Children have a voice and we listen.** A *child-centered* approach dictates that we listen and offer options that enhance a child's sense of self and social development. *Diverse* activities ensure that everyone's experience is different, appropriate and *fun*. Our year-round staff, artists and experts are hired to create specialized *learning* moments in a *safe* setting.

All plans are subject to change and may not be listed herein, since many are developed with the children in attendance. The theme for the day sets the tone for the daily offerings and is expressed in a balanced and *organized* schedule that includes physical and creative outlets, *teamwork*, and outdoor *fun*.
